Submitted photo

A trolley is available in Casey to take tourists to the many Guinness Book of World Records sites in town.

CASEY -- Every Saturday from 10 a.m. to 2 p.m. until fall, Markwell Funeral Home in Casey will be sponsoring free trolley rides to take tourists and non-tourists alike around town.

With Casey becoming a hub of tourist activity with its “World’s Largest” attractions, Jay Markwell sees it as a wonderful opportunity for newbies and natives alike.

“With all of the people coming into town to check out our attractions, Casey can get congested,” Markwell said. “The trolley helps visitors get around, while also helping relieve traffic for residents. Plus, there’s water on board for visitors to enjoy as they enjoy everything our town has to offer.”

Trolley operators Archie and Judy Gowin explained that many visitors to Casey use the trolley to get acclimated to the area, especially the Guinness World Record attractions. After their ride is completed, many will then venture out on their own to get a close look at the attractions and take pictures.

Casey has the following Guinness World Record attractions: the World’s Largest Wind Chime, the World’s Largest Golf Tee, the World’s Largest Knitting Needle and Crochet Hook, the World’s Largest Pitchfork, the World’s Largest Wooden Clogs, the World’s Largest Rocking Chair, and the World’s Largest Mailbox.

“The Markwell staff loves being fully immersed in the community,” said office administrator Dee Partlow.

The local funeral home is supporting the efforts of the Big Things in a Small Town committee, which aims to highlight Casey's many larger-than-life attractions and invite visitors to experience what the town has to offer.

“We love getting the word out about the wonderful town of Casey. The free trolley is a great way to showcase our proud achievements,” said funeral Director Philip Winchester.

The free trolley will run every Saturday from 10 a.m. to 2 p.m. from summer to fall, weather permitting. For more information on how to get involved with the Big Things in a Small Town committee, visit [bigthingsmalltown.com](http://bigthingsmalltown.com).
